

# Dornier 328 Turbo Prop

The Dornier 328 is a modern airliner regional turboprop, which offers high cruising speeds and advanced systems. The design of the 328 incorporates a whole new section of the fuselage for three seats abreast (which offers more width per passenger than a 727/737) high speed and excellent climb performance.

## Specifications:

- Cruising speed 620 km/h
- Range 1,850 km
- Seats 30/33
