

Saab 2000 Turboprop

The Saab 2000 is a regional airliner built by the Swedish SAAB and "heir" of the Saab 340. It comes with two turboprop engines and is used in the regional routes. Its high cruise speed makes it the fastest plane of the category.

Specifications:

- Cruising speed 685 km/h
- Range 2,222 km
- Seats 48/55
